Application Guidelines & Form

About Us

The National Park Service – Rivers, Trails and Conservation Assistance program (RTCA) supports community-led natural resource conservation and outdoor recreation projects across the nation. Our conservation and recreation planning professionals partner with community groups, nonprofit organizations, tribes, and government agencies.   This partnership assists local communities in realizing their conservation and outdoor recreation vision and goals by providing a broad range of services and skills. National Park Service (NPS) staff share their expertise to help your team turn an idea into reality. We offer this assistance on an annual basis with extensions based on mutual agreement. *No monetary grants are made.*

National Park Service Mission

The National Park Service preserves unimpaired the natural and cultural resources and values of the National Park System for the enjoyment, education, and inspiration of this and future generations. The Park Service cooperates with partners to extend the benefits of natural and cultural resource conservation and outdoor recreation throughout this country and the world.

Our Focus Areas

Our projects typically fall within five focus areas, although we consider other projects that fall outside of these categories:

■ **Build healthy communities through parks, trails, and outdoor opportunities:**
Improve access to outdoor recreation and park amenities on land and water that support healthy lifestyles for all users

■ **Conserve natural lands, rivers, and watersheds:**
Strengthen the conservation and stewardship of public lands, waterways, and wildlife habitat

■ **Engage youth in outdoor recreation and stewardship:**
Connect young people to the outdoors to develop a lifelong appreciation of recreation and nature

■ **Strengthen the organizational capacity of project partners:**
Develop and strengthen effective and sustainable community organizations and partner groups

■ **Support National Park Service and community networks:**
Facilitate strategic planning and collaboration between national parks and communities to achieve shared goals

Application Process and Timeline

The application deadline is March 1. Consulting a program manager prior to the application deadline is *a requirement* to help identify how our expertise can complement your project and to answer questions regarding the application. Please see the contact list at the end of this application to identify the program manager who serves your state.

- Please contact the program manager for your state to discuss the proposed project and current application timeline.
- Email completed applications to the program manager who serves your state or contact them for guidance on mailing a printed version (*see list at the end of the application*)
- Please include the following in your Application Package:
  1. Completed application form
  2. Site location map
  3. A minimum of three commitment letters that describe each partner's role, responsibility, and contribution to the project
  4. Optional supplemental information that can help us learn more about your project (for example, background documents, media coverage, additional maps, list of links to resources, project photos, etc.)
- Project start times will be coordinated with applicants who have been selected for assistance.

Project Selection Criteria

Applications for support from the Rivers, Trails and Conservation Assistance program are competitively evaluated based on the following criteria:

- The project is expected to accomplish noticeable results that promote natural resource conservation or outdoor recreation in the near future.
- Roles and contributions of project partners are significant and well-defined.
- There is evidence of broad community support for the project.
- The project fits with our focus areas (although proposals falling outside these areas are considered).
