Sale of Rescue 391 is complete for \$ 8,500.00

Attended meeting for First Net in Rancho Cucamonga, networked extensively with AT&T, and First Net committee members making sure they are aware of the severe lack of cell and data services in the Silver Valley.

We now have a construction plan in place for the repeater tower, just awaiting confirmation on project from CalFire. Con Fire (San Bernardino County Fire Dispatch is now willing to look into providing VHF service to Silver Valley Departments. Con Fire's Rodman repeater provides 80% to 90% coverage for Newberry but Daggett has the same issues we have with CalFire. A repeater is essential to either provider.

I reached out to San Bernardino County Fire on the unit they have earmarked for Newberry but no news as yet.

Land line phone is complete at Station 392. (760) 257-3016. Data files are being sent by CalFire to support local dispatch and planning. I hope to have office reorganization complete over the next two weeks including set up of the new computer.

Chiefs Rogers and Lanier have been assigned to provide a wish list with priority of projects to be done on a short term basis.

Only REVIEWED incidents included. Summary results for a major incident type are not displayed if the count is zero.
