## Breakdown by Major Incident Types for Date Range

Zone(s): All Zones | Start Date: 04/01/2018 | End Date: 04/30/2018

MAJOR INCIDENT TYPE	# INCIDENTS	% of TOTAL
Fires	3	10.00%
Rescue & Emergency Medical Service	18	60.00%
Hazardous Condition (No Fire)	1	3.33%
Service Call	3	10.00%
Good Intent Call	5	16.67%
<b>TOTAL</b>	<b>30</b>	<b>100.00%</b>

Call coverage for April was 97%. The addition of several of our explorers that have turned 18 over the last year has given us personnel with training and flexibility in time and life style to cover the more difficult time blocks for residents with conventional jobs and family duties. This is the reward to the community for the investment in these young people and I strongly encourage expanding the program.

The repeater project continues to be bogged in a pointing game between Cal Fire and the State Coordinating group. Chris Nichols and I are continuing to press for a resolution. Our temporary call sign is KVE84.

There has been a new series of forms to be filed for the Homeland Security grant for the extractor so that process starts today.

I received an email this afternoon from Tom Pitts with SB County Fire, the brush patrol is moving forward through their admin process. He is hoping it will make the June 12 Agenda for the Board of Supervisors.

Only REVIEWED incidents included. Summary results for a major incident type are not displayed if the count is zero.
