 Training was done every Thursday, 7/6 was the only one recorded in ER.
 Call coverage: One covered 9, one covered 7, one covered 5, three covered 4, three covered 3, two covered 2 and three covered 1 call.

Attended Cal OES meetings on the Federal First Due system and California Next Generation 911.
 Nearing completion on office renovation in anticipation of completing the repeater project. The land line is in and working.
 No word this month from CalFire on frequencies. I met with the incoming division chief that will be taking command of their dispatching in San Bernardino next month and made him very aware of the issues we have and how long they have gone on. I also reminded them that in the early days of our contract with CalFire that they had provided a repeater to make their services viable. This was a fact that had been largely forgotten.

Only REVIEWED incidents included. Summary results for a major incident type are not displayed if the count is zero.
