Dear Honorable Supervisors,

Re: Board Meeting - February 13, 2018 - Agenda Item #88 Public Comment

As we are unable to send a representative to speak during the Public Comment period of the above referenced Board meeting, we would appreciate our request being recognized and recorded for the Board's support of Policy 4.10 going before the Planning Commission.

Policy 4.10 was presented to this Board over six months ago on August 8, 2017 as part of the Renewable Energy and Conservation Element. The Board directed the removal of Policy 4.10 from the energy Element and directed staff to present Policy 4.10 to the Planning Commission for the commission's consideration of approval. The Planning Commission has yet to receive it.

The rural High Desert residents desperately need Policy 4.10's placement in the Renewable Energy and Conservation Element unmodified to protect their rural communities and their considerable investments.

The Board's assistance to bring Policy 4.10 before the Planning Commission unmodified would be appreciated.

Respectfully submitted,

TS

Ted Stimpfel, Executive Director  
Newberry Springs Community Alliance
