San Bernardino, CA 92415

Dear Mr. Nieves:

After sending our list of areas to be covered by the proposed Daggett Solar Power Facility EIR, we learned that there is a 500+ page document with much more detail regarding the project.

To more adequately address the possible issues affecting our community, we are requesting a 60 day extension for the EIR comment period to better understand the parameters of the proposed Daggett Solar Power Facility.

Sincerely,

Le Hayes
General Manager
Newberry Community Services District
