

Update on Soitec site

Good afternoon,

County Code Enforcement recently sent a letter to the new owners of the Soitec site telling them to stabilize the soil on their site and remove the sand that has piled up against neighboring properties – and to keep the neighboring properties free of sand going forward.

County Code Enforcement Director Andy Wingert is scheduled to speak to a representative from the new ownership group in the next few days.

We will keep you updated.

Best regards,
Don
